## Reading

**C** You are going to read a magazine article about eco-projects. For questions 21-26, choose from the projects A-D. Each project may be chosen more than once.

<p><b>A</b> <b>Monkey Sanctuary, Kruger Park, South Africa</b></p> <p>The Kruger Rehabilitation Centre is home to approximately 500 monkeys. At the centre much of your time will be spent caring for ill, injured or orphaned monkeys. Depending upon your skills, you will be expected to do a little general repair work around the centre, but if you don't already possess such abilities, you can learn on the job. Thanks to the fundraising efforts of earlier volunteers we are able to build a number of new facilities. In your spare time you can take advantage of the great location and enjoy spotting the country's wild animals.</p>	<p><b>C</b> <b>Community work with children, Kenya</b></p> <p>This project in Mombassa, Kenya needs your support helping children in need. Mombassa is Kenya's second largest city and home to more than 300,000 orphaned street children. The project involves caring for the children. You will also have a teaching role where you will be expected to engage in learning activities and games as well as homework support. In return you will be given a small financial reward along with a basic apartment. On your days off you can enjoy the world-renowned beaches of this stunning coastal city.</p>
<p><b>B</b> <b>Sea Turtle Conservation, Sri Lanka</b></p> <p>The Sea Turtle Conservation Project takes care of five different species of sea turtle. On this project most of your time will be spent clearing beaches in time for the turtles to come and lay their eggs there. Unfortunately, the island is still suffering from the damage caused in the 2004 tsunami, so there is plenty of repair work to be done. Yet, if you are looking for a small island with golden sandy beaches, mountains, jungle, welcoming people and you are not afraid of hard work then this is the place for you.</p>	<p><b>D</b> <b>Building Project, Costa Rica</b></p> <p>Make a difference to the lives of families in the region by helping them build their own dwelling. There are approximately 150,000 people in Costa Rica who live in unsafe housing conditions. On this practical project you will be expected to help with everything from making bricks to painting walls. Once the project is complete you can take great satisfaction in knowing that you have helped to create a better future for a Costa Rican family.</p>

## Which project:

- |   |       |
|---|-------|
| 22. involves providing an education?                      | ..... |
